

ECLIPSE 2017 @ GEORGIA TECH

Safe Viewing

Solar-eclipse glasses will be distributed around campus at noon on Aug. 21, 2017.

Watch Safely Using Solar-Eclipse Glasses

Brought to you by
the College of Sciences
and the Office of
Undergraduate Education

- Never look at the sun without special eye protection. Direct viewing can cause permanent eye damage.
- Inspect solar-eclipse glasses before use. Discard if shade is torn, punctured, or in any way separated from the frame.
- Do not use with binoculars, telescopes, or cameras.
- Do not use continuously for more than 3 minutes.
- While using the solar-eclipse glasses, do not move around, drive a motor vehicle, or operate machinery.
- Do not use solar-eclipse glasses with a diseased eye or after eye surgery.
- Refer to solar-eclipse glasses for more information.
