Join us for a special event addressing a very relevant topic to the GT Community: Resilience Through Moving to a New Country. This interactive session will feature a panel of GT students and staff sharing their own diverse personal experiences related to moving to a new country and how those experiences have shaped their lives. The discussion will explore the myriad of logistical and human challenges involved in moving to a new land and the stories of resilience the panelists have written in the process.

Feel free to bring your lunch. Drinks and light snacks will be provided.
