

# CDC PHAP

Public Health  
Associates Program

## Information Session

Friday January 31, 2014  
10AM-11AM  
Clough Undergraduate  
Lounge, Suite 205

The **Public Health Associate Program (PHAP)** is a Centers for Disease Control and Prevention (CDC) training and development program that provides opportunities for promising future public health professionals to gain broad experience in the day-to-day operation of public health programs. It is geared toward recent graduates with a bachelor's or master's degree who are beginning a career in public health and are seeking hands-on experience.

*Sponsored by the Sam Nunn School of International Affairs and Office of Pre-Health Advising.*
