

**Georgia Tech**  **Science and Technology of Advanced Materials and Interfaces**

**2017 STAMI Industrial Partners Day and Exposition**

**Oct. 19-20, 2017 | Academy of Medicine  
875 West Peachtree St NW, Atlanta GA 30309**

**Register at <http://bit.ly/2wS5yB8>**

This two-day gathering is intended to allow members of the Center for the Science and Technology of Applied Materials and Interfaces (STAMI) and their industry partners to engage in open discussions and exchange ideas.

The goals are for STAMI to gather feedback on the research it conducts, for STAMI students to make connections with industry, and for industry partners to familiarize themselves with STAMI's expertise in materials research.

Harvard University Professor George M. Whitesides will address meeting attendees on Oct. 19. He will give a Frontiers in Science public lecture on Oct. 20 in Clough Undergraduate Learning Commons at 3:30-4:30 PM.

Faculty, staff, and students should register at <http://bit.ly/2wS5yB8>. Industry participants should contact Sharon Lawrence.

**AGENDA HIGHLIGHTS**

Thursday, Oct. 19, 2017

Keynote address by George M. Whitesides  
Introduction to STAMI Centers  
Brainstorming Lunch: *Odyssey of the Mind*  
Faculty presentations, posters, refreshments

Friday, Oct. 20, 2017

Industry presentations and/or roundtables  
Meetings with faculty and students  
George M. Whitesides public lecture
