

5th Street Complete Street Project

PUBLIC OPEN HOUSE

ABOUT THIS PROJECT: As a key east-west corridor, **5th Street** is one of the most popular multi-modal streets in Atlanta, but existing street and sidewalk conditions vary in quality, affecting user safety and experience. Proposed enhancements to the corridor include: replacement of damaged sidewalks, upgraded ADA ramps and crosswalks at all intersections, improvements to existing bicycle facilities, and more.

Tuesday, October 23
4:30 – 7:00 PM

Saint Mark United Methodist Church
781 Peachtree St. NE, Room 111
(at intersection of 5th Street and Peachtree)

Join Midtown Alliance for a public open house to preview conceptual designs for the 5th Street corridor project and provide feedback to the project design team.
