CDC-GT COLLEGE OF DESIGN SYMPOSIUM

COLLABORATIVE DESIGN SOLUTIONS
IN SUSTAINABILITY & HEALTH

The Centers for Disease Control and Prevention (CDC) Office of the Associate Director for Science in partnership with the Georgia Institute of Technology's (GT) College of Design are pleased to announce a half day seminar.

The symposium will begin with an overview of CDC's Office of Sustainability highlighting current and emerging public health priorities. Both CDC and GT College of Design will illustrate current examples of challenges in need of joint solutions and design interventions. The session will close with opportunities for collaborative projects.
