<b>Overview</b>	We started out in 2000 with the idea of transforming the energy markets by creating an electronic marketplace that removed barriers and drove transparency and access. By staying close to customers, we saw the demand for the efficiency that technology brings and expanded our electronic trading platform into new markets. At the same time we understood that along with liquidity, trust and integrity are central to the effective operation of markets and began investing to build and acquire clearing houses. As our electronic markets and demand for clearing grew, access to new sources of information became central to our customers and data has increasingly become the lifeblood of markets. We saw this evolution and consistently we advanced our capabilities, building a data business which is

**Overview** THE COMPANY Robert Taira founded King's Hawaiian in Hilo Hawaii 64 years ago and, after capturing the lion's share of the bakery business on the big island, moved the business to Honolulu in the 60's. There, King's Hawaiian became not only the largest bakery business and a successful restaurant, but also the largest customer in Hawaii of the US Postal Service due to the huge mail order business from stateside consumers who craved the Original Sweet Bread. To realize the next vision in his plan, Robert moved the business to Torrance, CA in the early 70's where it resides today with two restaurants and two bakery plants including one of the most modern in the industry. King's Hawaiian is continuing to grow and built a brand new bakery facility near Atlanta GA that went live in October 2011.
