

ARC-RIM Industry Day

Friday May 4, 2012 : Klaus 1116

ORGANIZERS: **Prof. Prasad Tetali** (Director of ARC, GaTech)
Prof. Henrik I. Christensen (Director of RIM, GaTech)

Objective

The objective of this workshop is to bring together leading researchers/developers from industry with leading researchers from academia to discuss challenges, opportunities and new trends in logistics, material handling, optimization, and related algorithms.

Agenda

08:45-09:15 Registration

09:15-10:45 **Logistics**

Christian Wurll, KUKA Systems

Chandrashekar Natarajan, Anheuser-Busch

John J. Bartholdi III, Georgia Tech

10:45-11:00 Break

11:00-12:30 **Optimization**

Kunal Talwar, Microsoft Research

Vahab Mirrokni, Google Research

Alan Erera, Georgia Tech

12:30-01:15 Lunch

01:15-02:45 **Beyond the Horizon**

Larry Sweet, Symbotic

Aranyak Mehta, Google Research

Kamal Jain, E-Bay

02:45-03:15 Break

03:15-04:00 **Panel Discussion**

04:00-05:00 Reception
