

South Africa, Nov 18-20, 2015

The **7th annual Health and Humanitarian Logistics Conference** brings together speakers and attendees from non-government organizations (NGOs), industry, government, military, and academia to identify challenges and opportunities in global health humanitarian operations and long-term economic development, share innovative research, and establish priorities for NGOs, corporations, and government in terms of strategies, policies, and investment.

Plenary Panel Topics:

- **Supply Chains for Ebola Response and Communicable Diseases**
- **Strengthening Public Health Systems in Developing Countries**
- **Planning for and Responding to Complex Humanitarian Emergencies**
- **Infrastructure and Capacity Building for Long-term Development**

The program also includes a number of interactive **workshops** and **poster sessions** on innovative research. For conference proceedings from previous years, please visit humanitarian.gatech.edu/conference and for additional questions, please email us at: humlog@isye.gatech.edu.

Past speakers or workshop leaders have included representatives from:

Aidmatrix, Bill & Melinda Gates Foundation, BI Norwegian Business School, CARE, Catholic Relief Services, INSEAD, GlaxoSmithKline, Georgia Institute of Technology, John Snow Inc., OXFAM Great Britain, the Pan American Health Organization, Red Cross Societies, Riders for Health, Tufts University, UNICEF, UN World Food Programme, and the World Health Organization among others.

To register or submit a poster, please visit scl.gatech.edu/humlog2015/registration/. A limited number of discounted registration rates are available for groups and employees of non-government organizations as well as limited financial support for students with accepted poster submissions.
