## Regional Seminar

# Supporting Access, Mental Health, and Well-Being in Education Abroad

 Atlanta, Georgia

**Friday, December 6, 2024**

10:00 a.m. – 4:30 p.m. EST

Education abroad positively impacts student success, but the challenge remains: How do we continue to increase access and support all students to study abroad?

Hosted in collaboration with Georgia Institute of Technology and The Forum on Education Abroad, this Regional Seminar designed for early and mid-career education abroad professionals will:

- provide insight into current mental health and wellness trends,
- teach innovative strategies for supporting participants throughout the education abroad lifecycle,
- help participants understand the unique perspectives of underrepresented students, and
- provide the foundations on how to apply asset-based advising models to enhance access in global education.
